INDEX TO VOLUME LI

Anaemia, Mechanism of, in infancy..... 185

Baetjer, F. H., N. B. Herman and J. A. Doull, Tuberculous infection in medical students..... 41
Blackman, Sam S., and Geoffrey Rake, Acute pneumococcal nephritis..... 217
Blastomycosis, Systemic, of the skeletal system, with report of a case..... 61
Bliss, Eleanor A., Perrin H. Long and Harriet Carpenter, A note on the communicability of colds..... 278
Bloomfield, Arthur L., A student's bibliography of internal medicine: Typhoid fever. 234
Blumberg, H., Paul G. Shipley and T. F. McNair Scott, The spectrographic detection of lead in the blood as an aid to the clinical diagnosis of plumbism..... 327
Book Reviews and Books Received..... 56, 112, 178, 259, 333, 388
Bunster, Eduardo, Failure to induce ovulation in the rabbit by blood transfusion from the pregnant doe..... 329

Carpenter, Harriet, Perrin H. Long and Eleanor A. Bliss, A note on the communicability of colds..... 278
Clough, Paul W., Monocytic leukemia..... 148
Colds, A note on the communicability of..... 278
Colston, J. A. C., Calcified cysts of the kidney..... 125

DeLawder, A. M., and E. M. K. Geiling, Metabolic changes following the intravenous injection of posterior pituitary extracts and their correlation with the well-known pharmacodynamic actions of the drugs..... 1
DeLawder, A. M., and E. M. K. Geiling, Changes in total gaseous metabolism of unanesthetized dogs after intravenous injection of posterior pituitary extracts.. 335
Diabetes mellitus and myxedema..... 27
Doull, J. A., F. H., Baetjer and N. B. Herman, Tuberculous infection in medical students..... 41

Electrical injuries, Necrosis of the spinal cord produced by..... 210

Finney, George G., and Neil McLeod, Acute experimental glomerulitis following injection of Streptococcus viridans into the renal artery..... 300

Geiling, E. M. K., and A. M. DeLawder, Metabolic changes following the intravenous injection of posterior pituitary extracts and their correlation with the well-known pharmacodynamic actions of the drugs..... 1
Geiling, E. M. K., and A. M. DeLawder, Changes in total gaseous metabolism of unanesthetized dogs after intravenous injection of posterior pituitary extracts.... 335
Glomerulitis, Acute experimental, following injection of Streptococcus viridans into the renal artery..... 300
Goodman, M. H., Perlèche. A consideration of its etiology and pathology..... 263

Hemolytic jaundice, The splenic lesions in 365
Herman, N. B., F. H. Baetjer and J. A. Doull, Tuberculous infection in medical students 41
Hyperthyroidism, The use of iodine in the pre-operative treatment of, with remarks on iodine remissions as observed in Baltimore, Md. 282

Internal medicine, A student's bibliography of: Typhoid fever 234

Josephs, Hugh, Mechanism of anaemia in infancy 185

Kidney, Calcified cysts of the 125
Kuttner, Ann G., and H. D. Zepp, Paratyphoid-like fever in children due to the Salmonella suipestifer group 373

Langworthy, Orthello R., Nervous manifestations in infantile scurvy 117
Langworthy, Orthello R., Necrosis of the spinal cord produced by electrical injuries 210
Lead, The spectrographic detection of, in the blood as an aid to the clinical diagnosis of plumbism 327
Leukemia, Monocytic 148
Long, Perrin H., Eleanor A. Bliss and Harriet Carpenter, A note on the communicability of colds 278

McEachern, Donald, and Walter L. Winkenwerder, The use of iodine in the pre-operative treatment of hyperthyroidism; with remarks on iodine remissions as observed in Baltimore, Md. 282
McLeod, Neil, and George G. Finney, Acute experimental glomerulitis following injection of Streptococcus viridans into the renal artery 300
Medical students, Tuberculous infection in 41
Myxedema and Diabetes mellitus 27

Nephritis, Acute pneumococcal 217

Ovulation, Failure to induce, in the rabbit by blood transfusion from the pregnant doe. 329

Perlèche. A consideration of its etiology and pathology 263
Posterior pituitary extracts, Metabolic changes following the intravenous injection of, and their correlation with the well-known pharmacodynamic actions of the drugs 1
Posterior pituitary extracts, Changes in total gaseous metabolism of unanesthetized dogs after intravenous injection of 335

Raiford, Theodore S., Systemic blastomycosis, with report of a case 61
Rake, Geoffrey and Sam S. Blackman, Acute pneumococcal nephritis 217
Rich, Arnold Rice, On the etiology and pathogenesis of whooping-cough 346

Salmonella suipestifer group, Paratyphoid-like fever in children 373
Schwentker, Francis F., Intravenous urography in children 318
Scott, T. F. McNair, Paul G. Shipley and H. Blumberg, The spectrographic detection of lead in the blood as an aid to the clinical diagnosis of plumbism 327

Scurvy, infantile, Nervous manifestations in..... 117
Shipley, Paul G., Tick-bite fever in children..... 83
Shipley, Paul G., T. F. McNair Scott and H. Blumberg, The spectrographic detection of lead in the blood as an aid to the clinical diagnosis of plumbism..... 327
Syphilis, Occult, A neglected factor in diagnosis and treatment..... 102

Thompson, William P., The splenic lesions in hemolytic jaundice..... 365
Tick-bite fever in children..... 83

Urography, Intravenous, in children..... 318

Weinstein, Albert, Diabetes mellitus and myxedema..... 27
Whooping-Cough, On the etiology and pathogenesis of..... 346
Wile, Udo J., Occult syphilis. A neglected factor in diagnosis and treatment..... 102
Winkenwerder, Walter L., and Donald McEachern, The use of iodine in the preoperative treatment of hyperthyroidism; with remarks on iodine remissions as observed in Baltimore, Maryland..... 282

Zepp, H. D., and Ann G. Kuttner, Paratyphoid-like fever in children due to the Salmonella suipestifer group..... 373
